

BRIEF INFORMATION ON BAGR

UNDERSTANDING THE ROLE OF THE BUSINESS ADVISORY GROUP FOR RESTORATION (BAGR)

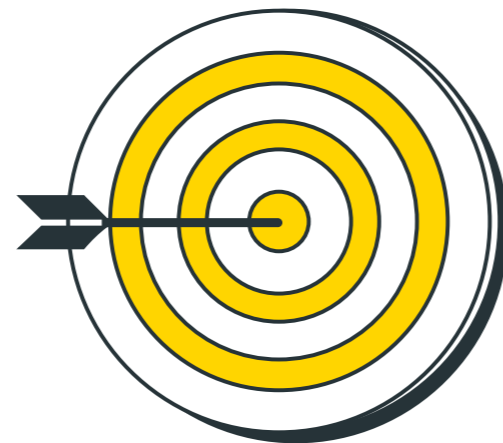

Business Advisory Group for Restoration (BAGR)

is a collaborative effort between the Ministry of Restoration (MOR) and USAID/UKAid SOERA aimed at fostering engagement of Ukrainian and international businesses to support the restoration efforts in Ukraine and stimulate economic growth at the sub-national level

BAGR main objective

- To become a leading communication platform for multiple stakeholders to foster effective and meaningful interactions between the Ministry of Restoration and businesses

BAGR'S MAIN ACTIVITIES

- Facilitate a high-quality dialogue with business

- Accumulate the feedback from businesses to highlight areas where legislative changes can be made

- Encourage and support effective business participation in the restoration of Ukraine

- Promote and contribute to implementing legislative changes

- Respond to information requests

- Organize and facilitate educational events

Please contact BAGR at: bagr@mtu.gov.ua

Communities, Territories and
Infrastructure Development of Ukraine

PRIORITIES AND RESTORATION PROJECTS

ESTIMATED 2024 RECOVERY AND RECONSTRUCTION PRIORITIES

HOUSING AND UTILITIES

- 2,116 m > Housing
- 156 m > Central heating
- 247 m > Municipal services
- 258 m > Energy efficiency
- 56 m > Waste management
- 242 m > Water supply and sanitation

3,1bn USD

TRANSPORT AND LOGISTICS

- 1,240 m > Road and bridge
- 420 m > Railway infrastructure
- 270 m > Urban transport
- 255 m > Border crossing point
- 53 m > Inland waterways
- 2 m > Aviation
- 94 m > Postal service

2,3bn USD

ENERGY

- 1,240 m > Power sector
- 241 m > Gas sector
- 435 m > Oil sector
- 540 m > Gas purchasing
- 200 m > Electricity import

2,7bn USD

SOCIAL INFRASTRUCTURE AND SERVICES

- 1,193 m > Education
- 873 m > Healthcare
- 6 m > Culture
- 369 m > Social protection

2,4bn USD

INDUSTRY AND SERVICES

- 3,114 m > Industry and commerce
- 435 m > Agribusiness
- 44 m > Irrigation

3,6bn USD

CROSS-SECTORAL PRIORITIES

- 492 m > Demining
- 272 m > Emergency response and civil protection
- 22 m > Democracy, justice, and human rights
- 400 m > Telecom and digital

1,2bn USD

TOTAL: **15,3 BN USD**

HOUSING AND UTILITIES

3,1bn USD

2024
Estimated cost

Repair and capital reconstruction of housing; as well as reconstruction and service restoration of central heating, energy efficiency, water supply and sanitation services, and waste management services

2024 FOCUS ON

Housing:

- › Compensate for repairs and destroyed housing
- › Conduct capital repairs and construction of destroyed housing
- › Compensate for temporary and permanent housing for internally displaced persons (IDPs)
- › Enhance energy efficiency in housing

Utilities:

- › Recover district heating, water supply and sanitation
- › Enhance waste management processes
- › Development of the municipal services and enhance energy efficiency in utilities

COMPENSATE WAR DAMAGED HOUSING AND ENABLE AFFORDABLE MORTGAGES

Funding will enable:

- › Conditions for citizens to remain in Ukraine
- › Conditions for return of citizens to ~15 regions
- › Development of local construction market
- › Support IDPs remaining in Ukraine

REPAIR AND INCREASE RESILIENCE OF UTILITY SERVICES

Funding will enable:

- › Improvement of quality of life for up to ~3.5M citizens in ~18 regions
- › Conditions for return for up to ~200k citizens to recovered regions
- › Restoration of water supply in Kherson and Zaporizhzhia regions, which will provide access to services for up to ~1M people

TRANSPORT AND LOGISTICS

2,3bn USD

2024
Estimated cost

Focus on internal and cross-border connectivity, including repair and reconstruction of road, rail, bridges, ports, border crossings, and postal services

2024 FOCUS ON

Repair Ukraine export potential:

- › Increase border crossing point capacity
- › Increase railway capacity
- › Increase cargo flow and capacity of seaports
- › Expand Danube region port infrastructure and waterways
- › Rebuild/repair road and railway connections
- › Rebuild destroyed bridges

Repair transport and postal services

- › Repair/upgrade urban transport
- › Repair post offices in affected areas

REPAIR UKRAINE EXPORT POTENTIAL

Funding will enable:

- › Increase capacity of rail and road border-crossing points by up to ~20%
- › Enhance export potential: by up to ~15% for agriculture, up to ~10% for metallurgy, and up to ~25% for containers (TEUs)
- › Increase capacity of the rail border crossing points with the EU by up to ~50%
- › Improved transport connectivity in ~10 oblasts

REPAIR TRANSPORT AND POSTAL SERVICES

Funding will enable:

- › Repair access to essential services
- › Create conditions for return of citizens to ~15 oblasts
- › Support recovery of economy in ~15 oblasts

ENERGY

2,7bn USD

2024
Estimated cost

Restoration and repair of transmission and distribution lines and restoration and decentralization of generation capacity, such as through the development of renewables and protection of the power grid

2024 FOCUS ON

Energy:

- › Enhance resilience & protection of energy infrastructure
- › Increase electricity generation
- › Develop decentralized, flexible and resilient energy infrastructure
- › Prepare for winter 2024/25

EXPANSION OF GENERATION CAPACITY

Funding will enable:

- › Increase energy security, resilience & independence in war time
- › Replace capacity of Zaporizhzhia nuclear power plant
- › Support economic recovery
- › Empower local communities
- › Expand distributed local generation
- › Increase renewable energy sources in line with green transition goals

PROTECTION AND REPAIR OF TRANSMISSION AND DISTRIBUTION INFRASTRUCTURE

Funding will enable:

- › Increase and reinforce resilience of the transmission system and security of supply
- › Increase possibility for cross-border electricity flows
- › Restore electricity supply to ~300k+ households
- › Reinforce GTS resilience
- › Restore quality of life in most affected regions and create condition for the revival of local economy

SOCIAL INFRASTRUCTURE AND SERVICES

2,4bn USD 2024
Estimated cost 

Repair, reconstruction, and service restoration of schools and health facilities, as well as social and cultural infrastructure and services

2024 FOCUS ON

Education:

Ensure safe education:

- › Develop bomb shelters

Provide access to education:

- › School buses
- › Digital solutions
- › School meals

Advance education quality:

- › Textbooks
- › Repair damaged schools

Health:

- › Restore health service provision and make infrastructure investments into qualifying hospitals in liberated territories
- › Expand Medical Guarantees Program and create unified medical space
- › Expand rehabilitation and mental health services to address new needs of veterans and civilians

Culture:

- › Repair cultural institutions and preserve monuments affected by Russia's full-scale invasion
- › Restore cultural heritage monuments
- › Arrangement of shelters in cultural institutions

Social protection:

- › Provide living facilities to vulnerable groups
- › Construct family childcare homes
- › Compensate care facilities for war-caused damages
- › Provide vital social services to people in need
- › Provide qualified psychological support for those most impacted by the war

Safe education

Access to quality education

Recover and advance healthcare delivery

War victim children rehabilitation

Emergency works on buildings of art education institutions (architectural monuments)

Preserve cultural heritage monuments

Provide living facilities for vulnerable groups

Provide vital social services to people in need

INDUSTRY AND SERVICES

3,6bn USD

2024
Estimated cost

Encompassing the main support to the private sector, including industry and commerce, agribusiness, and irrigation, with a focus on de-risking investment and trade

2024 FOCUS ON

Industry and commerce:

- › Provide financial incentives to SMEs:
- › Issue grants for creating jobs in processing industry (E-Robota)
- › Extend access to state-supported finance (5-7-9)
- › **De-risk and improve access to finance:**
- › Increase access to finance through IFI, DFI programs
- › Provide war risk insurance
- › Inject equity for investment guarantees by Ukrainian ECA

Agribusiness and irrigation:

- › Expand access to financing:
- › Provide production grants for small farms (per hectare and per livestock unit) with focus on liberated areas
- › Provide loan interest rate compensation under 5-7-9 program
- › **Irrigation and drainage systems development:**
- › Construct, Repair, and upgrade irrigation and drainage infrastructure

Financial incentives to SMEs

De-risking and access to finance

Expand access to financing

Improve irrigation and drainage systems

(thermo-modernization of the facade including refurbishment of entrance lobbies, ramp construction and paving; replacement of the roof including insulation; replacement of internal utilities and finishing works) at 4, Nezalezhnosti str., Lokhvytsia city, Poltava oblast. Revision

METHODS OF TRAVEL TO UKRAINE

METHODS OF TRAVEL TO UKRAINE

LOGISTICS

- The fastest way to Ukraine is to fly to one of the airports in the neighboring country with Ukraine (Krakow, Warsaw, Rzeszow, Lublin, Bratislava, Kosice, Suceava, Chisinau, Budapest, Debrecen) and continue the journey by land transport
- The other way is taking a train to Ukraine from some European cities (Warsaw, Krakow, Przemyśl, Budapest, Prague, Vienna, Chisinau, etc.)
- The journey time from the Ukrainian border to Kyiv is about 10-15 hours
- Travel between cities in Ukraine is possible by various means such as car or train. It is advisable to consult your Embassy for recommendations on cities that may pose different levels of safety
- Search for air/train/bus tickets on the official web pages of the travel service providers
(e.g. <https://booking.uz.gov.ua/en/>, <https://www.pkp.pl/en>, <https://www.mavcsoport.hu/en>, <https://www.cd.cz/en/>, etc)

VISA

- EU countries:** visa-free up to **90 days** within **180 days**
- Japan:** visa-free up to **90 days** within **180 days**
- Switzerland:** visa-free up to **90 days** within **180 days**
- United States:** visa-free up to **90 days** within **180 days**
- United Kingdom:** visa-free up to **90 days** within **180 days**

Please check whether visa is required [using the link](#)

INSURANCE

- › Insurance is required

USEFUL TIPS ON TRAVEL TO UKRAINE

PREPARATION FOR A VISIT TO UKRAINE

› Check whether the Embassy of your country has resumed work on the territory of Ukraine. Write down its address and contacts so you always have access

› Make electronic copies of all your documents and store them on an electronic device

› Find out in advance the [curfew time](#) in the region where you going

› Be ready for the sound of air alarm. The threat of a missile attack can happen in any region or city of Ukraine. Download the "Air Raid" mobile application (from [Google Play Market](#) or [AppStore](#)) to instantly receive notifications of air raid alert in the selected city

› If possible, choose a hotel with its own shelter or near a bomb shelter

› Give your relatives and loved ones a detailed itinerary of your trip, when and where you intend to stay and stop

› Be sure to take medical insurance with extended coverage for the entire period of stay in Ukraine
