YOUR BRIEF BIOGRAPHY (250-300 words):

First generation born in USA to Ukrainian immigrant parents who fled Stalin's regime at the end of WWII. Grandson of a Ukrainian Sich Rifleman on one side and an OUN Activist on the other side I was active in USA Ukrainian diaspora organizations like the Ukrainian Catholic Church and PLAST (Scouting). I received an Electrical Engineering degree from Rensselaer Polytechnic Institute in New York (1988) followed by a Control Systems Engineer job at Raytheon Engineers. Married Ola Rondiak in 1994 and Joined Winner Group Ukraine in Kyiv in 1995. Have been working on building Winner since that time by initially developing our official Ford distribution in Ukraine, later adding Volvo, Jaguar, Land Rover, Porsche, Bentley and MG. Put simply, our mission is to be an example of a patriotic, transparent and open business in Ukraine. We have invested over 100m USD in Ukraine, paid over 1.2b USD in taxes and are committed to further investments in the coming years (currently building a Volvo dealership in Lviv - construction is ongoing). Our network consists of 55 retailers (both Winner and independently owned) of which 51 are fully

operational. Our distribution center and “Winner College” is in Kyiv. I reside in Kyiv with my wife and two dogs while our three children, raised in Ukraine, are studying/working in USA & London.

ANSWER THE FOLLOWING QUESTIONS:

Why do you think membership in the American Chamber of Commerce is important for businesses operating in Ukraine?

AMCHAM provides a vital voice from the foreign investment community to the UA Government as Ukraine navigates the complexity of nation building. AMCHAM also plays a critical role in “marketing” Ukraine as an investment destination to companies considering coming to Ukraine. Finally, AMCHAM provides a much needed, powerful internal networking platform wherein we support each other in our efforts to understand and work within UA policy and legislation.

What motivates you to be the Chamber Board Member?

A combination of Ukraine being in a critical time of need for foreign investment/support and me being at a point in my life where I believe it is time to “give back”.

Why do you feel you are qualified to serve on the Chamber Board? What skills would you bring to the Board?

In my 29 years operating in Ukraine, having helped grow the business from almost nothing to half a billion dollars in turnover I have seen, managed, and resolved a great deal of issues. I’ve lived and navigated through all of Ukraine’s Presidential administrations, a global financial crisis, two revolutions, and war without comprising our commitment to integrity and transparency. My skills are mostly in the areas of operational leadership and management, HR & organizational development, and international supplier (Automotive manufacturer) relationships.
